

CRAFT MEETS COFFEE

We've been sourcing, roasting and serving hand crafted coffee for over 30 years. Our distinct roasting style creates unique flavors and blends that have become Java City's signature. We believe that experience and heritage matter — not only does it inspire amazing coffee, it makes us who we are.

CERTIFIED COFFEE

The Rainforest Alliance is a nonprofit organization that certifies farms and co-ops meeting rigorous standards for environmental conservation, social responsibility and fair labor practices.

Buying coffee beans from Rainforest Alliance Certified™ farms ensures that the lands, waterways, and wildlife habitats are protected. Workers on these farms are paid fairly, enjoy decent housing and have access to medical care and schools for their children. For more information on Rainforest Alliance, please visit their website rainforest-alliance.org.

CERTIFIED TEA

We proudly offer USDA Organic and Fair Trade Certified™ teas. All of our hot teas are 100% organic, our chai is Fair Trade Certified and most of our iced teas feature both the Organic and Fair Trade certifications. Fair Trade ensures that farmers are compensated justly, enabling them to build sustainable businesses that positively impact their community.

Menu may vary by location.
